**NOTE TO THE APPLICANT:** The rezone application will be reviewed by the Grayson County Planning Commission at their regular monthly meeting. If recommended for approval, the application will proceed to a review by the Grayson County Board of Supervisors. The application may take 2 - 3 months for approval. The State Code of Virginia, 1950 requires that a Public Hearing be held for both the Planning Commission and the Board of Supervisors review of a rezone. A Public Hearing notice will be issued in the paper announcing the Public Hearing and all adjoining landowners will be notified by certified mail. In order to process the rezone application a complete application, required rezone fee, and a current site plan or survey representing the property must be submitted to the Zoning Department at least 3 weeks prior to the Planning Commission meeting date. Applicants are encouraged to research the potential of the site for the ability to meet all local, state and federal regulations prior to applying for a rezone. This should include a review of the project by Virginia Department of Transportation for the ability to meet commercial entrance requirements, Virginia Department of Health and/or provider of well and septic services, discussion with the Grayson County Building Official, review of Erosion and Sediment Control Plan where grading is involved and conversations with adjacent landowners about any affect on their property. If the applicant is submitting proffered conditions with the rezone application, these must be submitted with the application or at least 7 days prior to the meeting of the Planning Commission. The applicant or a representative must be present at the meetings at which the application for rezone is considered. If the decision of the Planning Commission or Board of Supervisors is to be appealed, the applicant should submit an appeal of the decision per State Code of Virginia, 1950, as amended.
