IN RE: PRESENTATIONS OR REQUESTS

Mr. Jordan Stidham – Baywood School Update and gave the following presentation and changes to the design:

Baywood Community Feedback Session 2

The goal of this session was to review the second draft design from Hill Studio and prioritize wants based on community need and space restrictions. The following was the decided components with discussion on each section:

- Outside of the school:
 - o Ballfield/outdoor recreation
 - The community decided they liked the idea of the pickleball court/basketball court combo, the outdoor workout area, and the relocation of the recreation field. The following suggestions were made regarding this component:
 - The community would need some type of access to a restroom when using the outdoor recreation area.
 - The community would like to have a baseball field added beside the rec field to ensure that all the little league sports can use the space.
 - On the backside of the property, where the rec field and the ag center are going, they would like a perimeter fence to control traffic and trespassing.
 - If the outdoor recreation area uses lights for night use, there
 would need to be a timer or time limit for the houses living next
 to the property.
 - o Agricultural center/event center
 - The community was very positive about this idea. They felt it was a great way to incorporate 4H, FFA, agricultural and vet tech classes, etc. while having a space for events in the community.
 - The community wanted to ensure there would be public access restrooms for this center during events.
 - Community center/commercial kitchen

- The community likes this design and thinks it will be a great resource for individuals, businesses, and local groups.
- A few of the concerns were:
 - Ensuring that the event center would have access to hallway bathrooms without impacting the safety of the childcare centers.
 - Who would manage the center as far as scheduling, renting, cleaning, etc.

Childcare center(s)

- The community agrees that there is a huge need for childcare, and seems to support the idea of having a pre-K program and private daycare sharing the common spaces. We will need to figure out how to design the downstairs to accommodate two childcare spaces while allowing the sharing of the restrooms and access to the commercial kitchen.
- Some of the community concerns were:
 - What exits and entrances would be used for the daycare center while also considering how people would get upstairs to the learning center?
 - Ensuring the childcare centers have safe access to bathrooms, the playground, and the kitchen.
- Virginia Governor's school and Trade school
 - The community decided they wanted to turn the upstairs into a governor school and trade learning center. To design it like a small school that would teach kids about careers in trade, like blueprint reading/drawing, engineering, nursing, electrical, plumbing, etc. A center to where all the regional schools can send kids to this center to prepare them for careers in the trades.
 - The idea here is to create a partnership among the regional schools and colleges.
 - Some of the concerns were:
 - How would we ensure ADA compliant access?
 - How could we ensure that the schools would allow kids from special education and alternative education to have the same opportunities for this center?
 - The community wants the center to be managed by a board, with a mix of representatives from the various communities and colleges to ensure the regional sharing and cooperation.

• An additional idea for this was to combine the idea of a library extension office with a technical support library. The idea of the community was to move the current doublewide up to the upper parking lot area and convert it into a library support office for the learning center. This would have a few computers with online labs, manuals, and various books to support the classes and learning as well as the option to do book lending from other regional library locations.

HILL

BAYWOOD SCHOOL

LEVEL 1 PLAN 1/16" = 1'-0"

A meeting will be held with Hurt & Proffitt, an engineering firm and Mr. Boyer and Mr. Smith have been invited to attend on August 27, 2023. Mr. Stidham noted that at the initial meeting cost concerns was voiced but not at the last meeting - this last meeting the focus was on narrowing down the list of wants to what is priority. Supervisor Belton and Supervisor Fant attended the meeting - no one from the School Board attended. Supervisor Fant noted there are 13 Governor schools in Virginia now, with most stem related, 1 focused on art, not aware of any on the vocational side which would make it unique – would need to work with the school system but it would be a regional approach. More discussion took place and Mr. Stidham noted more would be in the final draft which includes reaching out to contacts through Virginia Tech, etc. to see if they could provide resources and contacts with the Governor's School, etc. We can't move forward with engineering firm until the wants are known from the community. H&P will test the well, septic and structure of the school – feasibility of the structure of the school. Supervisor Anderson noted at the original meeting in Baywood it was stated that if we didn't do something at the school, it would have to be torn down and would cost several million dollars - any investigation on whether we're obligated to tear the building down should something not get approved and Mr. Stidham noted that there's not been any further investigation - the last meeting he attended, the attorney noted that the original deed, the community members recording was inaccurate. Mr. Stidham also noted that funding will be done in the last phase. Supervisor Fant noted that a library extension has been discussed and Mr. Stidham noted that currently they are looking at making it a satellite office and it's still in the final draft.

Mr. Stidham then gave an update on the HOPE Snack Packs Report:

- 100 snack packs provided per week approximately 2,800 snack packs provided this school year.
- Provided healthy snacks to all spring sports teams during end of season playoffs.
- Provided healthy snacks for summer football and weightlifting program.
- Program has been requested to expand to middle school due to popularity and success.

Thanked the Board for all their support.

Mrs. Carolyn Trenkamp, Officer PLM-HOA and Mr. Gary Trenkamp, BOD, PLM-HOA – Point Lookout Tower – presented the following:

- Thanked the Emergency Services value and appreciate the service they provide
- Current Situation Point Lookout Mountain (PLM) road:
 - Is privately owned and maintained
 - Expensive repairs made in 2022 with more expected
- Existing easements:
 - Between the county Tower and Landowner DB 380 Pg 110
 - County Government use County employees, limited basis only
 - Ingress/Egress for Hunt Club and Appalachian Power Company both of which contribute to PLM HOA
- PLM Community Concerns:
 - Road use Lingos Network, Gigabeam Network, and Ham Radio Operators has no agreement with PLM Hold Harmless Agreement?
 - Gate use Exit via the Main Gate instead of Service Gate this causes wear and tear on the gate motors, electric system, and sensors

- Security and Safety Concerns:
 - Stability of the tower with added dishes the number of dishes has doubled since 2019
 - Windshear Factor Study
 - Security PLM Property Owners and HOA have the right to know who is accessing the road and who is on-site in the community

Questions:

- What County contracts exist? Do those contract give permission to use the PLM private road?
- Individual companies need to assume liability for property damage and any bodily injury have they indemnified PLM HOA and its members of any liability? Has PLM been added to their insurance policies?

PLM HOA Expectations:

- Enter and exist through the PLM Service Gate only
- Provide PLM with an Engineer's report showing tower is structurally sound
- Pay a yearly HOA fee to use PLM road to access tower
- Indemnify PLM HOA and its members of any liability will need to be added to insurance policies and PLM will require documentation

Mrs. Trenkamp also noted that on PLM they can't even get the benefit of Gigabeam, they have to use StarLink. After some discussion, consensus of the Board is for staff to schedule a joint meeting with PLM HOA within the next 30 days to further discuss. Mrs. Trenkamp will contact County Administration to set up a meeting date/time.

IN RE: REGISTERED SPEAKERS AND PUBLIC COMMENT

- Eugene Kotchick of Beech Grove Ln/Galax supports sanctuary city
- Gloria Kotchick of Beech Grove Ln/Galax supports sanctuary city
- James T. Fry of Cross Roads Dr/Galax most are pro-birth, not pro-life woman's body, shouldn't be the Boards choice
- Terry Dunley of Reservation Ln/Mouth of Wilson abortion battle should be fought in Washington DC or Richmond, not Grayson County – we are a Dillon Rule state – regulating mail for abortion drugs is a federal issue, not a county issue and would be hard to enforce
- James Anderson of Riverside Dr/Independence supports sanctuary city
- Bill Perkins of Beech Grove Ln/Galax supports the sanctuary ordinance
- Darlene Hensdell of Oak Ridge Dr/Independence support sanctuary city and had sent Mr. Smith a resolution from another county
- Tempe Blaszyk of Fishers Peak/Galax need to find middle ground numbers matter focus on education
- Tracey Cummins of Powder Mill Rd/Elk Creek support sanctuary of unborn wants facts
- Supervisor Hash noted that there a plans to have the County Attorney attend the August meeting – submit questions to Linda Osborne and she will pass on to the attorney
- Nancy Leibrecht of Riverside Dr/Fries surprised still talking about this Board should be doing things to help women to keep their child if they so choose
- Laura George of Oracle Summit Circle/Independence reminded the Board focus on the 1st Amendment – ordinance is motivated by religious nature – violates 1st Amendment
- David Osborne of Mountain View Rd/Independence submitted 153 signatures
 encourages Board to pass this ordinance
