Grayson County Board of supervisors

Regular Meeting

August 8, 2024

Members attending in person: R. Brantley Ivey, Michael S. Hash, Tracy A. Anderson, and Mitchell D. Cornett. Mary E. Dickenson Tomlinson was unable to attend due to a work obligation.

Staff attending in person: Stephen A. Boyer, Mitchell L. Smith, Nikki C. Edwards and Linda C. Osborne.

IN RE: OPENING BUSINESS

Supervisor Hash made the motion to approve the agenda/consent agenda which includes: regular meeting minutes of July 11, 2024; bill/payroll of July 2024; transfer of funds; unanticipated

revenue/budget amendments/transfers; School first quarter appropriation; Library first quarter appropriation; surplus for public works; ARPA funded Powerhouse Falls Parking Lot/Trail Bid approval; Wythe-Grayson regional Library Agreement/Contract; Drug Asset Forfeiture transfer request; duly seconded by Supervisor Hash. Motion carried 4-0.

IN RE: PUBLIC HEARING(S)

- A public hearing to receive public comments on the proposed changes to the Grayson County Fee Schedule for the Solid Waste Disposal and Collection Ordinance: Residential Unit Rate – currently \$18/mo – proposed changed to \$20/mo and Seasonal Rates for Recreational Vehicles – currently \$3/mo – proposed change to \$20/mo.

Supervisor Anderson made the motion to open the public hearing; duly seconded by Supervisor Cornett. Motion carried 4-0. No one signed up to speak so Supervisor Hash made the motion to close the public hearing; duly seconded by Supervisor Anderson. Motion carried 4-0. Supervisor Ivey noted he would entertain a motion to either adopt/approve or not adopt/not approve – Supervisor Anderson made a motion to not adopt and amend the fee schedule - not sure if it was understood at the last meeting that the fee should be the same for everyone on the trash and this shows seasonal rental is not changing – discussion took place with the recreational rate to be all the same and possibly amending the ordinance — what is seasonal rental – trans occupancy tax was discussed also; duly seconded by Supervisor Cornett. Supervisor Anderson made the motion for staff to go back and make the solid waste fees the same for everyone across the board; duly seconded by Supervisor Cornett, noting that he wants to make sure this will not affect the citizens receiving tax relief (veterans, etc.). Motion carried 4-0.

IN RE: REPORTS, PRESENTATION(S) OR REQUESTS

- Jason Busick, Galax-Grayson EMS Chief – addressed the Board and wanted to formally say thank you for your support for Galax-Grayson Emergency Medical Services. GGEMS is the primary response for the Oldtown and Fairview areas of the county.

IN RE: OLD BUSINESS

- None

IN RE: NEW BUSINESS

- Grayson County Public Schools – True-Up Appropriation – Mr. Boyer noted this is the true-up for the past fiscal year with the largest part being from the Governor’s budgeted combat learning loss of Virginia due to COVID – they provided \$790,065 in November to use in FY24/25/26 – the school received a community grant that will cover the tutors and additional for that initiative and they decided to use the all-in money for FY25/26 – the \$790,065 is from the state funding that will roll over to next FY. The Department of Education dropped money for security equipment on June 30, 2024, for 2025 for \$75,59.08 and money for the head nurse

that was received in FY23 and they extended the grant (\$53,073.54) and they're rolling it into 2025. Supervisor Hash noted that on the first grant from the Governor's office, a completion of a spending plan and signed application/documents must be completed to obtain the actual grant – Mr. Boyer noted staff will check on that and let the Board know. Supervisor Anderson made the motion to approve the request contingent upon all documents have been signed and turned in; duly seconded by Supervisor Cornett. Motion carried 4-0.

- Flatridge Community Center – Mr. Boyer explained that the County currently has a 25 year agreement with Flatridge Community that expires in 2028 which they are responsible for maintenance of the facility – Supervisor Cornett noted that the Community Center contacted him about having the facility deeded to the Community Center and also noted that a new heating system will be installed soon along with some other work – with all the money they have put into the center, they would like to own it and Supervisor Cornett would also like to see if it's possible to give them tax relief. Supervisor Cornett made the motion for staff to look into the procedure for gifting property to local community organizations; duly seconded by Supervisor Anderson. Motion carried 4-0.
- Childcare – Supervisor Ivey noted that he serves on the DSS (Department of Social Services) Board and 1 of the big issues is childcare – thinks it's time for this to be a priority – feels it's an economic development issue – county needs to be a part of the solution – someone needs to take the lead on this, potentially the EDA who assists businesses – discussion took place – need to appoint a group or someone to head this up – staff discuss with EDA to see if this is something they would be willing to take on or at least help figure out who could take the lead on this need that's not being addressed – Mr. Boyer noted that staff would talk to United Way, Carroll, Wellspring and explore options.

Subject: Zoning Text Amendment - Regulation of Mountain Ridge
Construction

INTRODUCTION

Attached for the Board of Supervisors' review and for public hearing is a proposed text amendment to the County's Zoning Ordinance to adopt regulations for mountain ridge construction. As the Board is aware, this proposed text amendment was initiated by resolution of the Board, directing the development of a text amendment to the County's zoning ordinance to create regulations to protect mountain top ridgelines from unsuitable development.

Additionally attached, to assist the Board and the public in their review and consideration of the proposed amendment, are a topographic/elevation map of the County identifying the areas likely subject to the regulation based upon the proposed 3,500-foot elevation, along with a sketch of a mountain ridge profile explained further below.

OVERVIEW OF PROPOSED AMENDMENTS

As drafted, the proposed amendments would be inserted as Section 3-17 of the Zoning Ordinance, within Article 3, *General Requirements for All Zone Districts*. These provisions are based upon the authorizations granted by § 15.2-2295.1, *Regulation of mountain ridge construction*, of the Code of Virginia. As presented to the Planning Commission, similar regulations have been adopted by the Town of Bluefield, Floyd County, and Tazewell County.

With regard to their function and effect, the proposed amendments would:

- Establish that a "protected mountain ridge" is one that has an elevation of 3,500 feet or more and an elevation of 500 feet or more above the elevation of an adjacent valley floors (please refer to the attached topographic/elevation map depicting areas of the County where this would most likely apply);

- Regulate development on the ridge of a protected mountain ridge (again, only where the ridge is above 3,500 feet in elevation and 500 feet or more above a valley floor), which would include only those areas within 100 feet of the apex of slopes or sides of a mountain (please refer to the attached sketch, where the regulations would not regulate all development above 3,500 feet, but only that which is above 3,500 feet and within 100' of the apex of the ridge);
- Within the established regulatory area, regulate the development of tall buildings or structures, which are only those buildings or structures with a height of more than 40 feet, with some exclusions; the regulations as proposed would require these buildings, except for single-family dwellings, two-family dwellings, and townhouses, to receive a special use permit before proceeding to other permitting;
- Establish that in addition to meeting other criteria for the issuance of special use permits, that such development proposals also provide for adequate sewerage, water, and drainage facilities, including, but not limited to, facilities for drinking water and the adequate supply of water for fire protection and comply with the Erosion and Sediment Control Law; and
- Specifically prohibit towers or turbines associated with a wind energy generating facility.

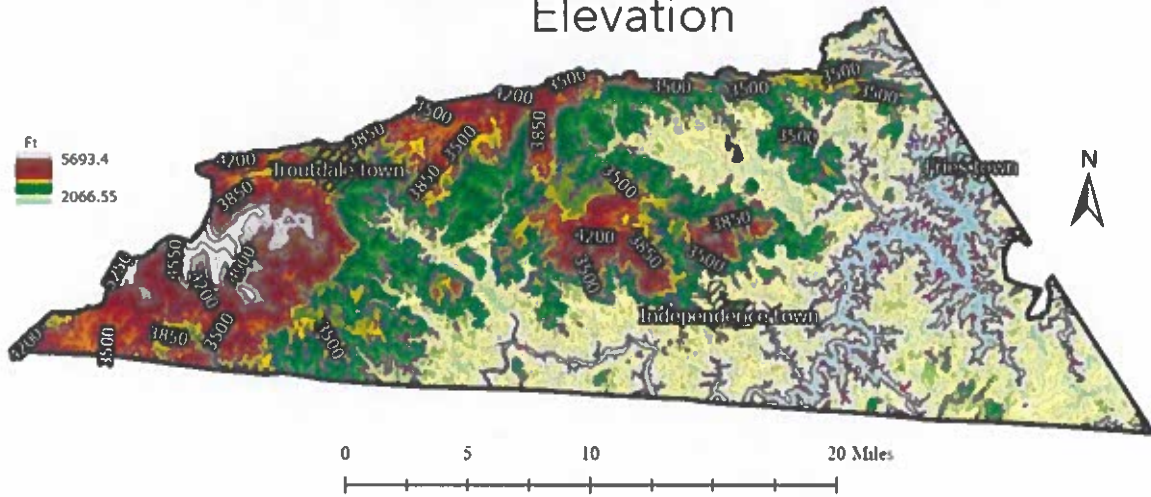

PLANNING COMMISSION RECOMMENDATION

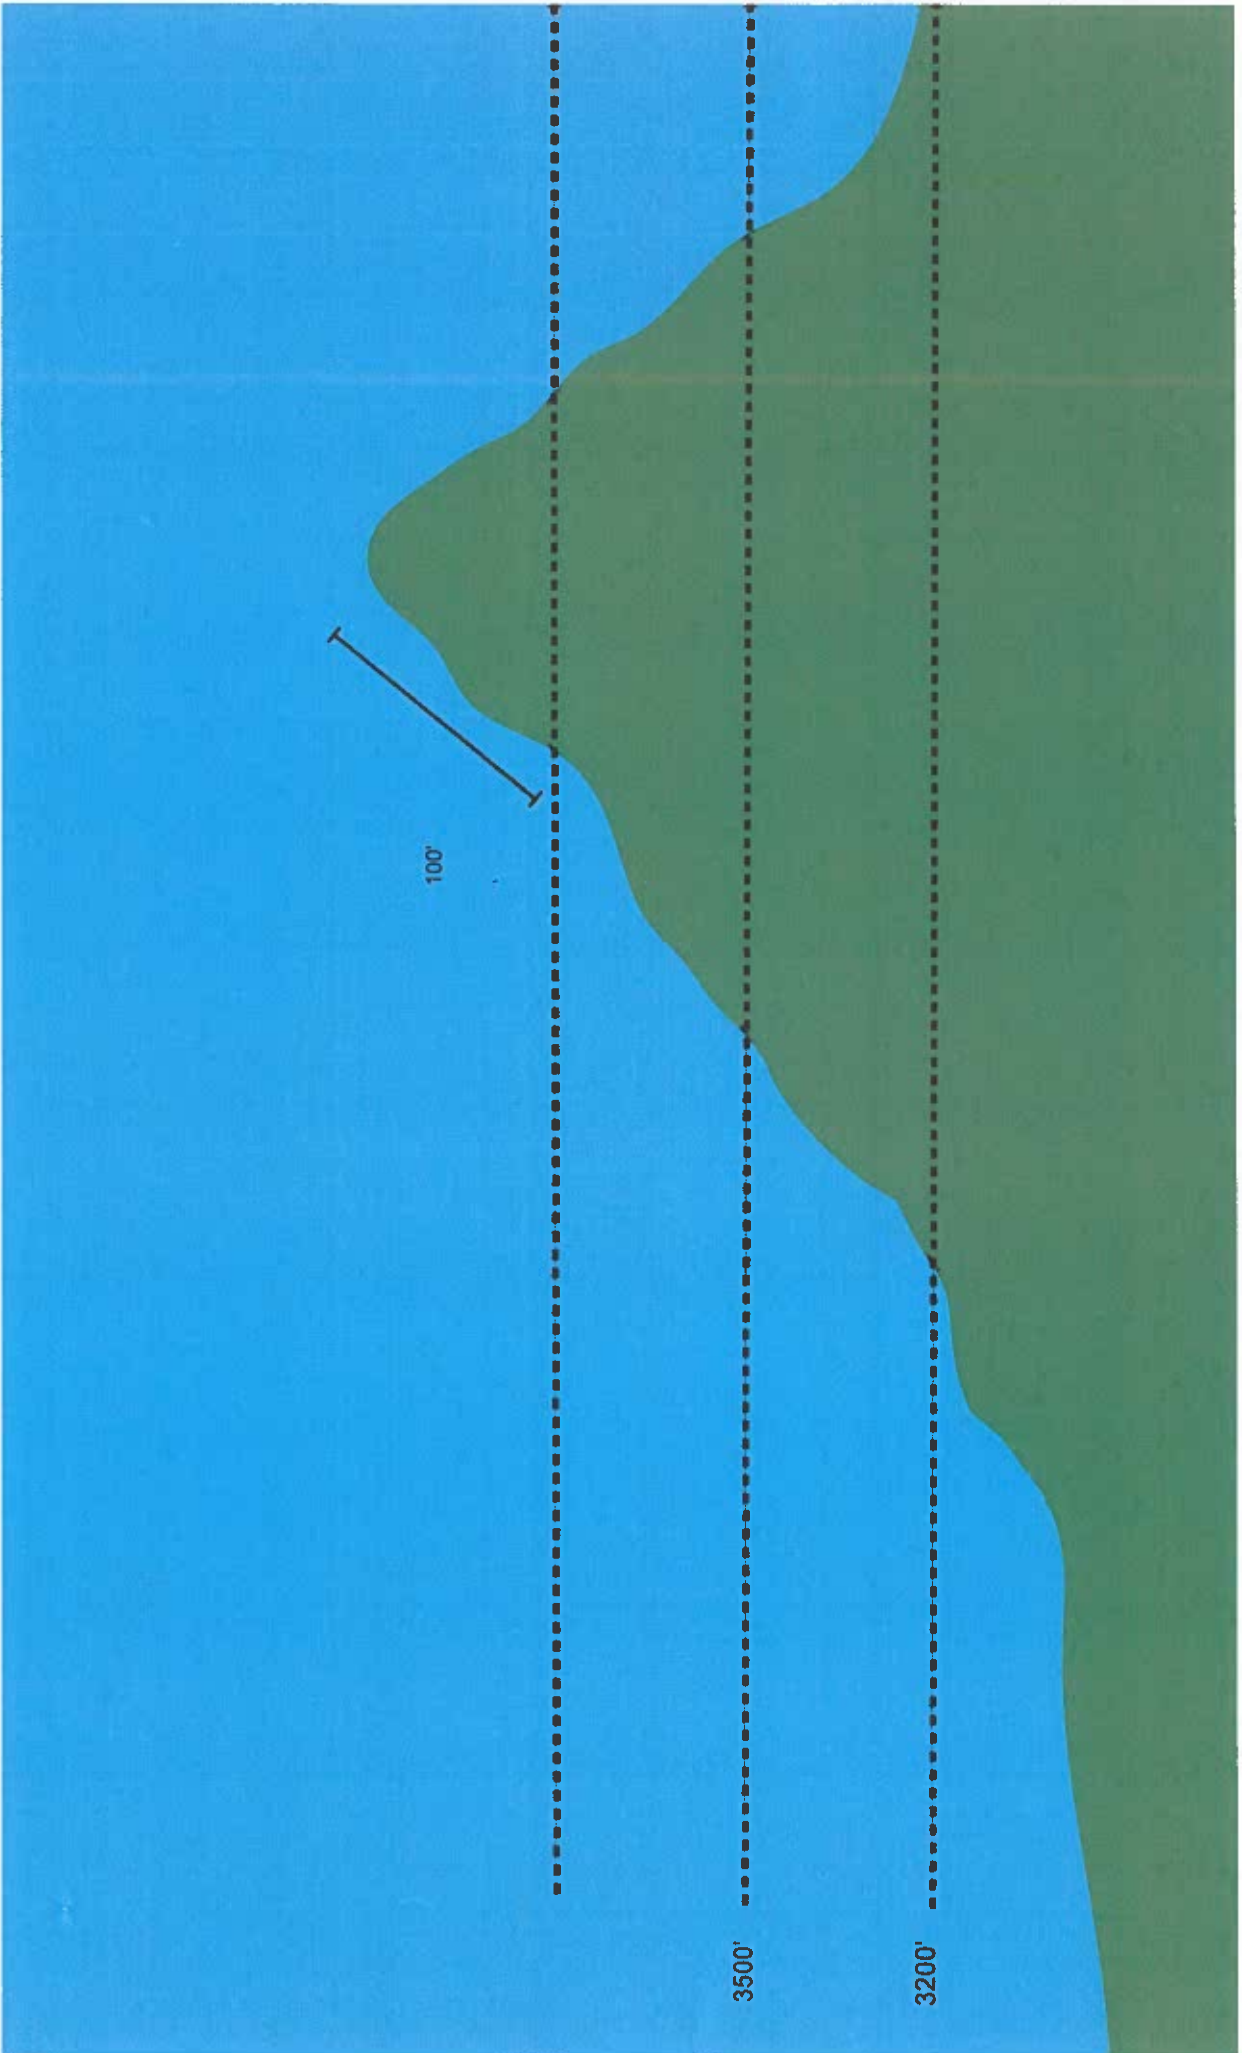

Following a public hearing and deliberations at the Planning Commission's August 20, 2024 meeting, the Commission unanimously recommended adoption of the proposed text amendment to the Board of Supervisors.

BOARD OF SUPERVISORS ACTION

Following the public hearing and deliberations at the Board's September 12, 2024 meeting, the Board should consider whether to adopt or deny the proposed amendment, or adopt the proposed amendment with changes; please note, intended changes to the amendment which may result in the regulations being more stringent than those reviewed by the Planning Commission may necessitate the amendments returning to the Planning Commission for further hearing, review, and recommendation. The Board may also defer action to a later date or continue the public hearing to a later specific date.

Board Adopts Plan and Budget for New Year

The public hearing for the area plan and budget was held July 8, 2024 at the District Three office in Marion but no in-person or written comments were received. The Board of Commissioners of District Three Governmental Cooperative has adopted a plan and operating budget for next fiscal year of about \$8 million. Aging and Transit services both show a slight decrease in total overall funding for 2025 mostly related to the loss of American Rescue Plan Act (ARPA) funding.

The Department for Aging and Rehabilitative Services (DARS) noted that it would not be necessary for agencies to de-obligate FY24 Older Americans Act funds. The excess carry-over limit will be waived and unless anything changes, these funds will need to be used by September 30, 2025.

Senior Group Representatives Annual Meeting Set for August 9

The annual meeting of senior group representatives will be held at 10 a.m. on August 9 at the District Three offices at 4453 Lee Highway in Marion. The agenda will include updates on the agency's plan and budget for the upcoming fiscal year, a general orientation on agency services, and the election of officers for the new cycle. Meetings of the Advisory Council on Aging Services and the Board of Commissioners are open to the public.

Deadline Approaches to Apply for Farm Fresh Coupons

Farm Fresh coupons totaling \$50 per participant have been mailed from the District Three office to eligible seniors. Coupons were mailed out the second and third week of June, but continue to be mailed out as requested.

Seniors are urged to shop with local vendors throughout the service area who are participating in the program. A vendor list was included with the coupon booklets to advise which farmers will accept coupons. Radio ads are currently being played with Bristol Broadcasting Company (93.9 WMEV, 102.5 WOLD, 103.5 WZVA, 105.1 WUKZ, 92.5 WHNK) and will continue through September 30, 2024.

Any senior who has not completed an application can still call 276-783-8157 locally, or 1-800-541-0933, to request an application be mailed or applications can be completed over the phone.

Approximately 4,129 seniors have received coupon booklets. There are approximately 871 coupon booklets remaining.

Home Delivered Meals Seeking Bids for Next Year

Meal bid solicitations for Home Delivered frozen and shelf stable meals have gone out to potential bidders. Bids are due to the District Three Governmental Cooperative office in Marion, Virginia by noon on August 16, 2024. The annual training for the Home Delivered Meals staff will be held on Monday, September 23rd at the Marion central office location. The Home Delivered Meals drivers will also be participating in a driver safety training.

Senior Days Scheduled for the Washington County and Twin County Areas

District Three and other community agencies have held the Smyth and Wythe/Bland Senior Day events with a large turnout at both sites. The Washington County Senior Day is scheduled for August 28th at the Abingdon Farmers Market Pavilion from 10:00 AM - 2:00 PM. Twin County Senior Day is scheduled for September 26th at Felts Park in Galax from 11:00 AM - 1:00 PM.

Senior Days are coordinated by committees comprised of agencies that serve older Virginians. These events are designed to honor our seniors and provide them with a day of fun activities, entertainment, vendors, and food. These events also provide a means to gather vital information about services available to seniors in the community.

Virginia Insurance Counseling Assistance Program/Senior Medical Patrol

The VICAP program is working to train and prepare for the upcoming Open Enrollment which runs from October 15 – December 7. VICAP counselors represented the agency at the 5 Bridges Wellness Fair informing community members of our services, as well as educating on current fraud trends.

Counselors have been providing outreach to our seniors in regard to fraud trends, specifically Durable Medical Equipment (DME) supply scams, Medicare card scams, and scams relating to mailings and phone calls. Counselors continue to stress that seniors never give out their Medicare card number or personal information to unsolicited callers.

Any Medicare beneficiary who has given out their information is urged to call District Three and ask to speak with a VICAP counselor. The counselor will assist them in reporting the contact and with obtaining a new Medicare number to avoid further complications.
